

ANT Neuromeeting 2022

Preliminary program

Beaune,
Burgundy
France

Scientific events

INFANS Workshop

Co-organized with the INFANS project, this satellite event will open ANT Neuromeeting 2022 with sessions on neonatal monitoring and automated analysis of neonatal data.

Symposiums and poster sessions

Every scientific symposium will start with a talk by a renowned scientist in the field, and continue with a number of selected presentations and poster sessions.

ANT Neuro product demos and workshops

Under the guidance of ANT Neuro product experts, you can enjoy a first-hand experience with our products, and request a private demonstration.

Speakers and posters

If you're interested in giving a talk during one of our symposiums or presenting a poster, please send us an email at neuromeeting@ant-neuro.com with the title of your presentation/poster and a short description.

Important dates

- Early bird registration deadline: December 3, 2021
- Full program announcement: December 10, 2021
- Registration closing day: January 19, 2022

Registration

To register, please go to our [eventbrite registration page](#) and fill out the form.

Early birds benefit from a discount on entrance fees (€350 for students and €400 for regular participants) until 3 December, and a 15% lower price on bookings at the meeting venue, Hotel Le Panorama (beaune-panorama@kyriadprestige.fr), if you book your room by 16 December 2021.

Note: Prices are indicated without VAT, which may be applied at checkout.

Cancellation policy

Participants can receive a 50% refund for their registration fee up to 7 days before the meeting (until 19 January 2022). In the event of a cancellation of the meeting by the organizer, you will receive a full refund.
